The South Carolina Energy Users Committee ("SCEUC") hereby petitions the South Carolina Public Service Commission ("Commission"), pursuant to R.103-825 of the Commission's rules and regulations, to intervene and be made a party of record in the above-captioned docket. In support of this Petition, SCEUC would show the following:

1. On May 31, 2013, South Carolina Electric & Gas Company (SCE&G) filed an Application for Approval to Continue Demand Side Management Programs and Included Rate Rider and for Approval of Revised Portfolio of Energy Efficiency Programs.
2. That SCEUC is an association organized in the State of South Carolina, consisting of large industrial consumers of energy, which are engaged in various manufacturing enterprises throughout the State.
3. That a number of members of SCEUC purchase and consume substantial amounts of electricity from SCE&G.

4. That SCEUC and its members have a direct and material interest in the issues to be addressed and resolved by the Commission in this Docket and the interests of its members are not adequately represented by the current parties to this proceeding.

5. That granting SCEUC's request to be made a party of record in this proceeding is in the public interest, is consistent with the policies of the Commission in encouraging maximum public participation in issues before it, and should be allowed so that a full and complete record addressing its views and concerns can be developed.

6. That granting Petitioner SCEUC's request to intervene will not affect or delay the proceedings in this Docket as SCEUC is prepared to comply with the current procedural schedule. SCEUC believes that its participation in this Docket would fully inform the Commission and the parties as to relevant and important issues regarding this case.

7. That Petitioner is represented by counsel in this proceeding as follows:

Columbia, South Carolina 29201
